**\*Indicate Fuel Type by entering the corresponding letter: C=CNG, D=Diesel, E=Electric, G=Gas/Flex Fuel, Q= Hybrid, O=Other**

AVI Transponders issued by the Ground Transportation Permit Office are the property of Los Angeles World Airports (LAWA) and must be returned to the Ground Transportation Permit Office when the permitted vehicle is removed from service and/or the company no longer operates at Los Angeles International Airport (LAX). Use of AVI Transponder(s) on any vehicle(s) other than the one authorized is a violation of LAX Ground Transportation Rules and Regulations, Section 3.2.5.

The company shall pay \$50<sup>1</sup> for each damaged, lost, stolen, or unreturned AVI Transponder. Unpaid fees to LAWA may result in the company's inability to receive additional AVI Transponders and Permits until all outstanding accounts have been settled with LAWA.
