

## **Taxiway E Rehabilitation Project**

Taxiway E is scheduled to close between Taxiway E14 and Taxiway E15 on Sunday, May 4, 2014. LAWA Maintenance will be replacing asphalt within the closed area in two phases. The aforementioned section will close at 12:01 am for 3 consecutive days. Taxiway AA and Taxiway BB will also be closed between Runway 06R-24L and Taxiway E (Phase 1). All A380 operators should plan to arrive on Runway 25L during the Phase 1 closure, assuming the airport is operating in a westerly flow. If conditions require east operations standard arrival procedures can be expected.

On Tuesday, May 6, 2014 at approximately noon the Taxiway E closure will be adjusted allowing Taxiway AA to reopen. Taxiway E will remain closed continuously between Taxiway AA and Taxiway E15 until Monday, May 12, 2014 at approximately noon (Phase 2).

A Notice to Airmen (NOTAM) will be issued 72 hours prior to the scheduled closures. Please plan your flight operations accordingly. For current Airfield Operating Conditions check the published NOTAMs for Los Angeles International Airport (LAX) at <https://pilotweb.nas.faa.gov>. Thank you for your support.

For questions or comments regarding this advisory please contact Airside Manager, Jeff Mort, [Jmort@lawa.org](mailto:Jmort@lawa.org).
