LAX Operations Advisory

Bulletin No: 2019-19

LAX West Gate Renumbering

LAX will be renumbering the aircraft parking positions in the area known and the “west gates” or “remote gates” area. Currently the parking positions are numbered with a 200 series identifier, Gate 201, 202, etc.. Starting this Friday, October 18, 2019 the positions will be renumbered with a 400 series identifier. The change will only apply to the first digit, changing the “2” to a “4”. Example: Gate 201A will be numbered to Gate 401A.

The change will consist of five phases with a different group of gates being changed with each phase. The phasing and scheduled change is as follows:

Phase 1, October 18, 2019: Gates 211, 213, 215, 217, and 219

Phase 2, October 19, 2019: Gates 210, 212(AB), 214, 216(B), and 218

Phase 3, October 25, 2019: Gates 201 (A & B), 203, and 205 (A, B, and C)

Phase 4, October 26, 2019: Gates 202 (A – E)

Phase 5, November 09, 2019: Gates 206, 207, 208, and 209

During each phase, aircraft normally parked on an affected position, will be accommodated on an adjacent position.

For questions or comments regarding this advisory please contact Airside Manager, Jeff Mort, Jmort@lawa.org.

Issue Date: October 16, 2019
