Week of June 3 – 7, 2019

### 3. Parking Structure 7: New Egress Opens this Week

- The new egress from Parking Structure 7 onto World Way South is scheduled to open this week as part of enabling work for the Automated People Mover project
- The original egress onto Center Way will permanently close in preparation for the bridge demolition between Parking Structures 1 and 7, which is scheduled to begin next week

*Parking Structure 7*

*World Way to Upper West  
Way Ramp Demo – “After”*

### 4. World Way to Upper West Way Ramp Demolition

- The ramp at the CTA’s west end across from Terminal B, connecting the upper and lower level roadways, has been successfully demolished as part of the Automated People Mover project
- A great view can be seen from Parking Structure 3 or Parking Structure 4’s rooftop

## 5. Surface Lot 4: Test Piles for APM Guideway

- The Cast-In-Drilled-Hole test pile program has begun in Surface Lot 4, east of Parking Structure 4, for the Automated People Mover (APM) project
- The program tests the reinforced concrete piles that will eventually be placed into the ground to support the guideway for the APM
- There will be crane activity but no impact to the traveling public
- A great view can be seen from Parking Structure 4's rooftop (east end)

Surface Lot 4

Admin East North Lot

## 6. Admin East North Lot Closed

- The Admin East North Lot is closed for work related to the Automated People Mover project
- This lot will be the site of the future APM Traction Power Substation #1
